Why Choose Us

Your Commercial All-In-One Cleaning Service Partner

Swiftly Clean provides reliable, certified cleaning services backed by a fully inducted, cross-functional team. Our clients benefit from one trusted provider for all cleaning needs—reducing complexity, ensuring consistency, and improving compliance.

We're experienced in high-risk, high-compliance environments. Our operations scale quickly, backed by regional hubs, national support, and real-time reporting systems that give you full visibility and peace of mind.

With a values-driven team, and a commitment to safety and quality, Swiftly Clean delivers efficient, audit-ready cleaning that supports your operations without disruption.

Where Compliance Meets Consistency.

**Clean Sites.
Clear Standards.
Swiftly Delivered.**

Our Culture

Our Core Values

At Swifty Clean, our values drive everything we do. Our people and culture are our number one priority.

✦ Open To Growth

We're hungry to learn and unlock potential, becoming more aware of ourselves and others.

✦ Find A Way

Anything is possible. We seek solutions with one or many creative minds.

✦ Precision

Elegant outcomes, training and processes are our jam. We're addicted to getting things right.

✦ Own It

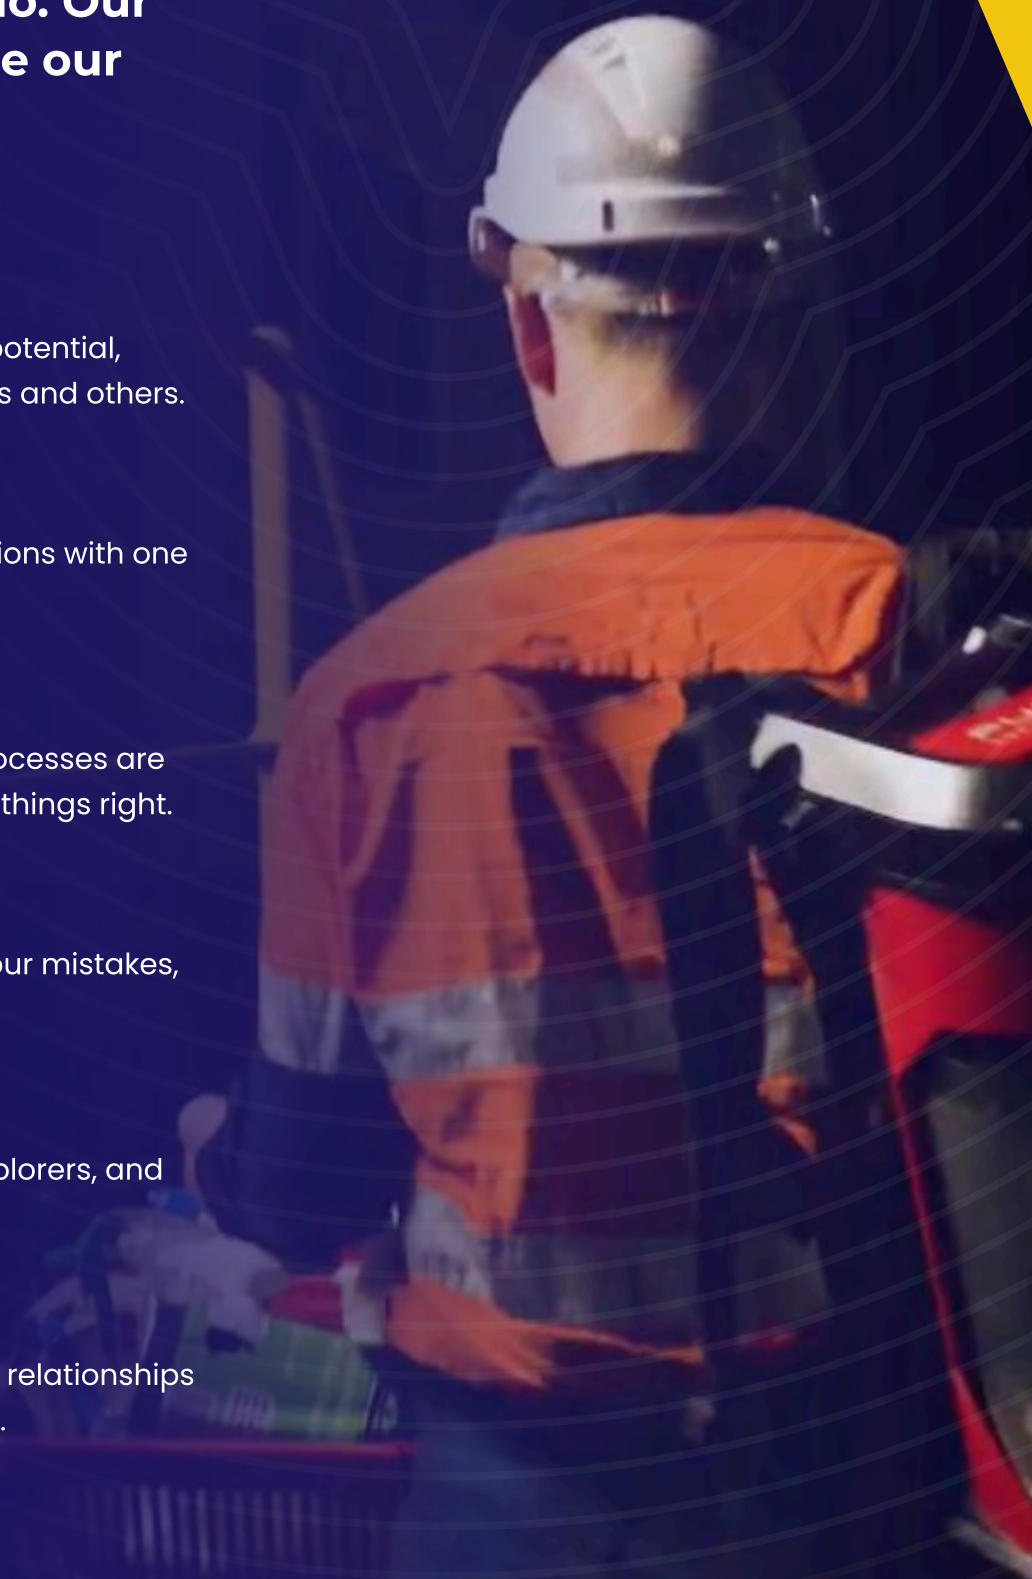

We take responsibility, learn from our mistakes, take it on the chin and move on.

✦ Light-Hearted

We're fun, curious, adventurous explorers, and original thinkers.

✦ Huge Hearts

We care about each other and our relationships and make the world a better place.

People Matter

Our Commitment To Inclusion & Diversity

Swiftly Clean is committed to fostering a diverse, inclusive, and equitable workplace that reflects the communities in which we operate. We recognise that a diverse workforce brings innovation, improves decision-making, and enhances workplace culture. As we continue to grow, we are implementing a structured approach to Inclusion & Diversity, focusing on increasing the participation of local and Indigenous personnel in our workforce and the broader cleaning industry.

Planned Initiatives To Improve Inclusion & Diversity

- ✦ Indigenous Employment & Engagement Strategy
- ✦ Local Employment & Community Engagement
- ✦ Women In Cleaning Leadership Program
- ✦ Inclusive Workplace Culture & Policies
- ✦ Measuring & Reporting Progress

Our **Inclusivity** Promise

Swiftly Clean Is Committed To Creating A Workplace That Values Diversity & Promotes Inclusion.

Environmental Impact

Our Sustainability Procedures

Our sustainability policies aim to minimise environmental impact while maintaining operational efficiency. Key elements include:

✦ Energy And Resource Efficiency

Implementation of low-energy and environmentally friendly cleaning solutions, energy-saving techniques, and selecting eco-friendly products. We regularly assess our equipment and processes to identify opportunities for further energy and water savings, such as optimising the frequency of service visits to reduce fuel consumption and emissions.

✦ Water Conservation Practices

Reducing water usage in cleaning operations through innovative and efficient cleaning techniques.

✦ Sustainable Procurement

Sourcing biodegradable and non-toxic cleaning agents to reduce environmental footprint.

**Trust us to keep
your site clean.**

Giving Back

Supporting Our Community

Swifty Clean is dedicated to contributing to the economic empowerment and social well-being of the communities in which we operate. Through long-term sponsorships and charitable contributions, we actively support local organisations that enhance community engagement, well-being, and inclusion.

Sponsorship & Support Initiatives

- ✦ Moranbah Golf Club Sponsorship
- ✦ Support For Disability Services – SelectAbility Raffle Donations
- ✦ Moranbah Community Garden Fence Sponsorship

Proudly Backing Moranbah Locals

Swifty Clean remains committed to exploring additional sponsorship and partnership opportunities that align with our values of precision, own-it, and huge hearts. We will continue to assess new ways to contribute to local economic empowerment through initiatives that provide tangible benefits to Moranbah and our community.

Compliant. Skilled. Ready.

Health, Safety & Environmental Management Plan

At Swifty Clean, health, safety, and environmental responsibility are core to everything we do. Our HSE Management Plan guides operations across our sites, ensuring compliance, reducing risk, and limiting environmental impact.

Our commitment to safety, reliability, and compliance underpins all our operations. We implement stringent HSE and quality policies specific to coal mine site cleaning. Leadership drives a safety-first culture, with all staff trained and accountable for safe practices, hazard reporting, and continuous improvement.

Our Goal Is Simple

To Deliver Exceptional Cleaning Outcomes While Fostering A Safe, Compliant, And Sustainable Working Environment —
Every Day, On Every Site.

Sustainability is part of our everyday work. We prioritise water and energy efficiency, reduce waste through smart procurement, and use eco-friendly products like biodegradable liners, bamboo and recycled paper, and natural enzyme urinal mats.

We uphold strict standards via site-specific inductions, PPE, safe chemical use, and equipment maintenance. We assess risks for every task and use digital tools for incident reporting, root cause analysis (e.g. ICAM), and compliance updates.

We monitor key HSE metrics including TRIFR, LTIFR, training, near misses, and driving compliance. Audits, toolbox talks, and digital tracking help embed a culture of safety and continuous improvement.

Capability That Delivers

Technical & Specialist Strengths

We deliver mine-ready cleaning solutions through trained teams, advanced systems, and rapid mobilisation—driven by compliance, innovation, and safety.

✦ Industry-Specific Cleaning Expertise

Specialising in mine-site cleaning and hygiene, we deliver compliant, high-standard services. With hygiene supported by our national brand, Impact Hygiene.

✦ Trained & Competent Workforce

Our team brings years of mine-site, cleaning, and hygiene experience, and ongoing training in safety, compliance, and hazardous materials handling.

✦ Rapid Response & Large-Scale Mobilisation Capability

We rapidly mobilise large teams—backed by a scalable workforce and proven national deployment capability.

✦ Advanced Systems & Compliance

With Fleet-Wide In-Vehicle Monitoring System (IVMS) across our fleet and real-time compliance reporting, we lead in safety, driver monitoring, and service quality across our diverse operating environments.

✦ Commitment To Continuous Improvement & Innovation

We drive continuous improvement through research and development, sustainable chemical use, precision cleaning, and a strong people-focused performance culture.

**Risk-Ready.
Regulation-Approved.
