Rooted In Community

Truly Local. Proudly Moranbah.

Swiftly Clean has been part of Moranbah since 2005, when local resident Kylie Lindsay began cleaning homes with a focus on care, reliability, and community pride. From those early days, the business has grown into a trusted local partner for residential, commercial, and government facilities — all while remaining firmly based at 13 Laver Street, Moranbah.

In 2023, Swiftly Clean became part of the Re Vera Group, strengthening our resources and systems while keeping our community spirit front and centre. Today, we continue to serve Moranbah with the same values that built our reputation — local faces, consistent standards, and genuine care for the people we serve.

Tammy's Story

“

Working with Swifty Clean has been such a rewarding experience. The company's values really align with mine, and you can feel the heart behind everything Travis, and Hugo do. They genuinely care about their staff and clients, and that makes a huge difference. I've been supported with flexibility, housing, and the resources I need to do my job well. I especially love the variety of work, from mine sites to working alongside Indigenous crews, which is personally very meaningful to me. The clients are fantastic, and the feedback I receive makes me proud to represent the company.

There's a positive culture here where everyone looks out for each other, and that creates a real sense of pride in the work we deliver. It's not just a job — it's a team I'm grateful to be part of.
